## NOTICE OF BOARD MEETING

Do you want to know more about what is going on at AISN? The first School Board meeting of the year is scheduled for today at 5:00 pm in the library. All AISN community members are welcome and encouraged to attend. The Board will be holding elections in October for two open seats which both need to be filled by American citizens. Anyone interested in running for one of them can contact Ms. MaryAnn at [director@aisnmauritania.com](mailto:director@aisnmauritania.com) for additional information.

**First Grade Fun!** First graders participated in a variety of math centers to reinforce what they have learned: ordering numbers, making tallies, adding numbers, and comparing objects.

**Robotics arrives at AISN!** For our 6th through 12th grade students, technology and robotics are being integrated into our Science curriculum. Below are our 8th grade students programming their robotic cars. Our science lab was expanded this summer, doubling in size, to accommodate the expansion of our hands-on, inquiry-based science program.
