This past Saturday, November 23rd, AINN hosted its annual College/Career Fair, an opportunity for students to explore potential universities and careers once they graduate from high school. Over 30 universities and careers were represented by various members of the Nouakchott community and over 135 high school students from various schools in Nouakchott attended this interactive and educational event. Students had a chance to ask questions and discuss various topics with the representatives present at the fair. AINN would like to thank all representatives for taking time out of their weekend to share their experiences with our young adults!
