

AISN'S WEEKLY NEWSLETTER

Wednesday, March 18th, 2020

Dates to Remember:

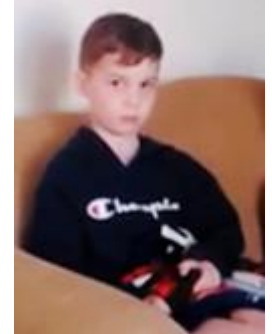

Monday, March 16 - Friday, April 3: Learning is online

Monday, April 6: Anticipate day AISN returns to in-person learning on campus

Friday, June 5: New last day of school

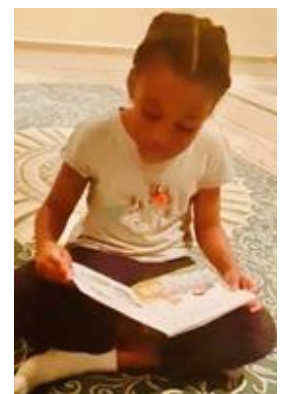

**While we may be online,
at AISN
the learning doesn't stop!**

What do you think about online learning?

“I think that it is useful so that we can continue learning, even if we are not at school. I see that we can ask questions about work if we do not completely understand the assignments and we will be able to share our work.” (*Kader, Gr. 6*)

“I think it is very interesting and we might have to do online learning later in our lives, so it is a good preparation and a way to work at home. It is sort of stressful, but I'm sure that I can get used to it.” (*Hawa, Gr. 7*)

Tips for staying on track with online learning at home:

Online learning is a new experience for students, teachers, and families. Here are some ideas to help make a smooth transition:

- Make a schedule and stick to it.
- Find what works for your family and develop a new school routine.
- Set work times and break times - just like during a normal school day.
- Ask teachers or classmates for help with an assignment when you have questions.
- Practice makes perfect! Use your specific online learning platform on a daily basis.
- Explore new technology tools and share them with your classmates and teachers!

HIGH SCHOOL FIELD TRIP - AN ALL AROUND SUCCESS!

This past week, our high school students headed to Akjoujt, Tergit and Chinguitti for 3 nights to explore another region of our host country as well as its unique culture. In Akjoujt, they had the opportunity to tour the Mauritanian Copper Mine, while in Tergit, they visited the oasis and viewed ancient cave paintings. During their time in Chinguitti, students ventured through the old city and libraries as well as the buried city of Abeir.

Field Trip Thank You! A great big shout out to Mr. Sidi Ali for organizing and planning 3 educational and awesome field trips to the interior of Mauritania this school year! These excursions allowed our upper elementary, middle school, and high school students to experience the unique landscapes, culture, and history of our host country! We look forward to making field trips part of our annual school events!
