AISN FULLY RE-ACCREDITED THROUGH 2028!

ACCREDITED

AISN's accreditation agency, Middle States Association of Colleges and Schools (MSA), is a worldwide leader in accreditation and school improvement. Last week, a 4-member MSA team virtually visited AISN to ensure we are meeting high academic and professional standards by undergoing rigorous self-assessment and evaluation by experienced professionals. We are pleased to announce that AISN has been fully re-accredited from PreK - Grade 12 through 2028. Thank you to all faculty, staff, students, parents, and board members who participated in this challenging and crucial process.

AISN Reopening tomorrow for face-to-face learning! We are happy to welcome students back to campus tomorrow, Thursday, October 15th! We will continue with the same routines and protocols put in place before closing - temperature and mask checks upon arrival, physically distancing, washing hands regularly and staying at home when we are sick. Everyone doing their part will help us to continue being one amazing team.

Parent Support Group Meeting - TONIGHT - 5:00PM! All AISN parents are invited to attend tonight's Parent Support Group Meeting via Zoom in Ms. Meghan's room. Topics will include face-to-face learning, talking to kids about covid, and healthy eating suggestions for snacks and lunch at school!

Upcoming PSAT Administration! AISN will be administering the PSAT/NMSQT for 10th and 11th graders and the PSAT 8/9 to 8th and 9th graders this Friday, October 16th during school hours. These series of College Board assessments are an opportunity for students to practice for the SAT - a globally available test accepted by all U.S. and many international colleges and universities.
